

Fall 2015 Key

1. None
2. Index
3. Immutable
4. File
5. Return
6. Boolean
7. Hash Value
8. Upper Bound
9. Try Implementing
10. Try Implementing (Create a dictionary d for you to practice on)
11. Try implementing this one, it's weird and things don't quite match up but when I attempted it 3 of them crashed or produced incorrect output, I was only able to get the third option to give the correct output.
12. Try Implementing
13. Try Implementing (Most of the incorrect ones should crash)
14. Try implementing using the type() function
15. Try implementing both 15 and 16 together in order to get the answers
16. See 15
17. All of the Above
18. Try Implementing
19. Try Implementing
20. Beyond the Scope of Current knowledge
